SARTORIUS

Special Entris® II Offer

Best Value in its Class for Basic Weighing Tasks

Every Sartorius balance offers quality, value, and consistency

No matter what you're weighing, the new Entris® II balance is always the right choice. Offering unrivalled value and backed by more than 150 years of German engineering expertise, the Entris® II comes in two product lines, so you can find the balance that meets your specific weighing needs.

Our Entris® II Advanced line gives you additional value to the Entris® II Essential portfolio,, with over 38 models offering benefits such as real-time level support, integrated protection systems, CalAuditTrail, a graphic touch display and 13 built-in application programs.

Main Benefits & Features

- Fastest stabilization time in its class – using state-of-the-art weighing sensors
- 12 built-in applications (13 for the Advanced line) with GLP | GMP compliant printout | data output
- Polybutylene Terephthalate (PBT) housing for high chemical resistance
- Plug-and-play functionality for automatic connection to a PC
- Built-in real-time level support and integrated protection systems (only Advanced line)
